## Get the Fog Out

## Top 5 Window Repair Tips

Before Buying Replacement Windows, be sure to review the Window Expert's Checklist.

### How To Replace Glass

To replace glass in broken wood windows, you will need: Putty Knife, Pliers, Utility Knife, Hammer, Silicone Caulk, & Finish Nails.

First, remove the Sash from the Main Frame and place on work surface.

### **\*\*FAMILY OWNED & OPERATED\*\***

Our 'Sister' company, [Air Shield, Inc.](#), offers several high-end brands of Replacement Windows and many kinds of Entry Doors and Patio Doors for less than most of St. Louis' window and door companies. The big name window and door companies that you see dominating

the ads on the internet, television and radio are paying high dollar amounts for those ads. What most people don't realize is the bid they just received from a big name corporation also includes hidden advertising costs. Call to see for yourself with a free estimate, **636-225-7177**.
